

***Utah County Fair
Junior Livestock
Premium Book***

Welcome....

To all stock show visitors and exhibitors, we are excited to have another livestock show this year at our county fair, and would like to encourage you to be an exhibitor at this year's fair.

Livestock shows are a longtime tradition, which develop character in our youth by helping create improvement and advancement for a great future.

The many individuals who put so much time and effort into this stock show are dedicated to making this year's show the best possible. We are looking forward to sharing this time and experience with you.

- Exhibitors can enter and show two steers, heifers, hogs, goats, and lambs and will receive premiums for one per division.
- **All animals must remain on the show grounds until Sunday, August 8th**

Sifting of Exhibits

- Animals not properly trained to handle will be sifted.
- The state vet will examine animals at check-in and those not meeting standards in the state rules will be sifted.
- The livestock committee reserves the right to sift any animal exhibiting unhealthy signs and symptoms due to health issues.
- Lambs and goats must be shorn to a ¼ inch or less at the time of vet check.

Weighing

- The committee will weigh all animals during a designated time.
- All market animals will be classified by weight. Breeding heifers will be classified by birthdate.

Rules

1. **Age:** Exhibitors must be in the third grade, but not less than 8 years of age as of January 1 of the current year. Exception is made to those in the PEE WEE Division, who must be the age of 5 through school grade 2. Exhibitors can only show through the same season as their high school graduation, but not past their 19th birthday. Exception: Disabled persons as defined by public law 98-527. In these special cases, animals must still be the project animals of the exhibitor and cared for daily by the disabled person.
2. **Group Affiliation:** An exhibitor may enter a given show only as a 4-H or FFA member, but not both. Exhibitors must declare one or the other at the time of entry. Peewees are the exception.
3. **Ownership of the animal:** The exhibitors will own, possess, feed and care for his/her project animal(s) for not less than 100 consecutive days for the market beef and 60 consecutive days for the market swine, market goats and market lambs immediately prior to the show they intend to participate in. No interruption of ownership or possession can occur. If an animal has been shown in a market show in state or out of state, it must be shown in the same exhibitors name in all-subsequent shows.
4. **Fitting on the fair grounds:** The fitting of animals will areas designed by the livestock show committee. Parents, guardians, siblings, club leaders, Extension / 4-H agents and FFA advisors may assist, and are encouraged to assist the younger exhibitors. However, each exhibitor must be working with the project animal and be in attendance with that animal during the entire fitting process.
5. **Code of ethics:** (rules 5-a through 5-g)
 - a) Treating an animal internally or externally, with any irritant, counterirritant, or substance used to artificially change the conformation or appearance of an animal for show is considered unethical, inhumane, and is prohibited. This includes, but is not limited to, the use of graphite powders, hemp, artificial hair, coloring, common products such as fly spray, ointment, or liniment used to the point that it is irritating, or similar type products. The use of dyes, spray paint, or other artificial coloring, which results in altering an animal's true and natural appearance and/or color, is prohibited. Adding false hair or hair like materials, fleece, or skin at any point, spot, or area of the animal's body is illegal and will result in immediate disqualification. Any liquid or substance not considered part of an accepted and normal diet for livestock is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler, etc....
 - b.) The use of tranquilizers, sedatives, or depressants, which alter the physical or physiological state of the animal, is illegal. Exceptions to this rule would be licensed, certified veterinarians, treatment for a recognized disease or injury, or recommendation for tranquilization breeding animals in heat that might compromise the safety of others. The Food and Drug Administration must approve the drugs for the use in meat producing animals. All exhibitors will advise show management of any drug and/or medication administered to and animal that might be detected at the time of showing or at meat inspection. The name of the drug, its purpose, the persons who administered the drug, time, and date of administration will be presented to show management prior to the showing and sale of the animals. Failure to

report this information will result in severe penalty and/or disqualification. Any use of drugs or substances not approved by the Food and Drug Administration is strictly prohibited. All animals entered into livestock competition will be subject to testing for foreign substances that exceed acceptable levels established by the FDA, FSIS, USDA, or EPA. During the livestock event, in the case of an animal requiring treatment, a licensed veterinarian shall administer all medication and the livestock show officials shall be notified.

- c.) Surgery, injection or insertion of foreign material under the skin and/or into the flesh of an animal to change the natural contour, conformation, or appearance of an animal's body is illegal. This includes vegetable oil, silicon, or any other substances used to alter and animals shape. Acceptable practices of physical preparation, which are allowed, include: clipping of hair, trimming of hooves, dehorning, or removal ancillary teats.
- d.) The use of inhumane fitting, showing and/or handling practices of devises shall not be tolerated. For example, breaking of tails, striking of the animal to cause swelling of for bracing purposes, use of electrical contrivance, muzzles etc.... is not acceptable.
- e.) Direct criticism or interference with the judge, show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited.
- f.) Show management reserves the right to require animal health certificates. Health inspection and diagnostic tests may be made before or after animals are on the livestock show premises for exhibitor and animal safety, or to inaugurate disease control procedures which may become necessary in emergencies as determined by animal health officials. Any violation of the "Utah State Jr. Livestock Show Code of Ethics" or specific rules as designated by individual fairs and livestock shows will result in forfeiture of premiums and awards, disqualification, and may result in probationary status and/or loss of eligibility for future participation in organized livestock competitions. Possible civil penalties may be imposed by the proper authorities based upon evidence provided by the livestock show of exhibitors in violation of the Federal Food, Drug and Cosmetic act/or the animals mistreatment, neglect, and abandonment laws that apply on the local, state, and national levels. Other cooperating shows will be notified of the action taken by the show management, which may affect the eligibility of the individual, group, or sponsoring organization for participation at other shows. The decision of the livestock show management will be final.

6. Dress Code:

A long or short sleeve shirt that fastens down the front with a collar is mandatory. Black or blue pants are to be worn. The following will not be allowed: T-shirts, tanks tops, tube tops or short sleeveless shirts.

7. Market Animal Weights:

Ideal market weights (as determined by the meat industry) are based upon the following show day ranges:

| | |
|--------|--------------------------|
| Beef: | 1,000 lbs. -- 1,275 lbs. |
| Sheep: | 100 lbs. – 130 lbs. |
| Hogs: | 230 lbs. – 290 lbs. |

- 8. **Lamb Docking Rule** – Scientific research indicates that the incidence of rectal prolapsed is reduced when the tail is docked in a non-extreme manner. The

recommended method is to dock at the distal end on the caudal fold (3rd caudal vertebra). Complete tail removal (extreme docking) is not an accepted sheep production practice and is discouraged for all Utah Junior Livestock sheep projects. Market lambs or breeding sheep showing any signs of contagious disease or current or recent signs of prolapsed, or with an open sore on the dock (rosebud), will be shifted at the discretion of the state show vet at the time of weigh in and their determination is final.

9. **Name Change:** If an animal has been shown in a market show in-state or out of state, it must be shown in the same exhibitors name in all subsequent shows.
10. **Drug Withdrawal:** It is unethical and in most cases even unlawful to administer drugs to livestock with in 20 to 30 days of slaughter. Animals too unmanageable to show should be withdrawn from their class rather than be tranquilized. The local show committee and the show veterinarian will monitor this situation. By federal regulations, random testing will occur at slaughter, and animals will be condemned which have been given and injection or oral dosage of tranquilizers, pain killers, antibiotics, diuretics, steroids, or other foreign substances during withdrawal periods before slaughter. All sales money will be withheld in such cases. Bloat medication and other medications with no withdrawal requirements may be permissible. **Exhibitors need to be aware of potential health hazards to consumers who eat animals that have received any above-mentioned dosages. Please to not put someone's life in jeopardy.**
11. **Tagging:** The extension/ 4-H agent, FFA advisor, or members of their appointed committees shall tag each animal and process the proper forms. Should a tag be lost or pulled out of the animal's ear, the exhibitor will advise the committee supervisor immediately so the tag can be replaced and the appropriate paper work. **Animals tag number must match the number on entry form.**
12. **Judging Contest & Test:** Open to all summer agriculture FFA students and 4-H members in Utah County.
13. **Animal Abuse:** Animals are not to be abused. If any animal is being abused the animal and the exhibitor will be removed from the show and fairgrounds, upon committee's discretion.

Knowledge Bowl

Chairman: Lisa Olsen & Livestock Committee Members

The KNOWLEDGE BOWL will be held Wednesday at 7:00 pm. Please meet at the show ring. We all show and raise animals, but this is the true test to see the depth of knowledge that you have on animal production, animal care and feed and nutrition.

1. Awards will be presented at the awards ceremony

Market Beef

Chairman: Garrick Liddiard

Co-Chairman: George Hunter

EQUIPMENT & ANIMALS MAY NOT BE REMOVED UNTIL SUNDAY MORNING!

1. Market beef must weigh a minimum of 1000 lbs. show day to be eligible for the champion drive.
2. Premiums for the various grades will be pro-rated according to the number and quality of animals shown.

Carcass Contest

Committee Members

Jim Jensen and John Olsen

*****NOTE: WE ARE NOT SURE AT THIS TIME IF THE CARCASS CONTEST WILL BE HAPPENING. PLEASE LOOK FOR UPDATED INFORMATION*****

- Beef, Sheep, Goats and Hogs shown at the Utah County Fair are eligible for the carcass contest.
- Any exhibitor wanting to participate in the carcass contest will need to fill out the carcass contest form. The forms must be turned in to the committee by the end of the banquet.
- The exhibitor is responsible for finding a buyer for your animal's carcass.
- Floor lambs that are too light (approx. 115 lbs and under - live weight) will be sold to our floor buyer, and will not be entered into the carcass contest. The buyer, close to the show date, will determine the floor price.
- The exhibitors and their family are invited, and encouraged to attend an educational program to see how the animals were graded and results determined.
- All animals must go to the same processor designated by each species committee and must be harvested at the same locations to participate in the carcass contest.
